or visit our website at www.pantheo.com/congress2022*

The Pantheo Foundation Keynote Lecture

How far have we come in the management of non-infectious uveitis

by Carlos Pavesio, Moorfields Eye Hospital, NHS Foundation Trust, London, UK

The University of Nicosia Medical School Keynote Lecture

Corneal nerves: Roles in Ocular health and Disease

by Professor Mark I. Rosenblatt, Executive Dean of the
University of Illinois College Medical School, USA

A very special meeting...

"A superb balance of reviews and updates, undoubtedly by well-established speakers in their fields, makes it one of the major highlights in the ophthalmic calendar"

Alistair Fielder, College News 2017

Finding hard to keep up...

subspecialisation makes it difficult at times to keep up with developments in others fields, a compact meeting covering almost every subspecialty is a great way to stay in touch

Join us...

for a weekend of updating, challenging and inspiring lectures in the warm and friendly atmosphere of an island renowned for its hospitality and sunshine

The Alistair Fielder Prize in Ophthalmology

Awarded to the best trainee and best medical student presentation of the meeting.
